

I am so grateful to you for your valueble medicine, wine of Cardul. It is wonderful and should be brought to all suffering women. My periods lasted too long. Now they have become regular and have the right color. The palms are not severe and I am strong. The blindness has left me. I feel all right and I know your medicine has cured me.

CORA ANN GARRETT.

There are many more sick women than there are well ones in this city to-The duties which wisehood and motherhood impose too often break the health years before a woman should be past her prime. In thousands of homes every month brings dreadful days spent in suffering the agonies of disordered menses. Nature never intended as necessary and important a function as menstruation to be the cause of pain. We say emphatically and positively that this suffering can be avoided. There is no excuse for racking menstrual pains when Wine of Cardui, the great natural emmenagogue, will bring a quick cure.

WINE OF CARDUI

regulates the menstrual flow perfectly. It not only banishes the pain but fore-stalls and cures distressing cases of leucorrhoca. Every woman knows the cutting, burning pains of falling of the womb that shoot through the entire body. Wine of Cardui has cured a million such cases. Thedford's Black-Draught is a valuable laxative made to assist Wine of Cardui by regulating the bowels and invigorating the torpid liver. No woman taking Wine of Cardui and Thedford's Black-Draught has failed of a permanent core of menstrual troubles when the medicines were used according to directions. Read again what Mrs. Garrett wrote. Your druggist sells Wine of Cardui and Thedford's

The Man who Works with His Head needs the his aid stomach can give him, and his stomach needs VSPEPSIA

KNEW HIS BUSINESS.

Knew Something Besides What He Read in Books.

The wise, up-to-date, modern doctor is no longer tied down to the hard and fast rules of what his medical books say he shall use and what he may withhold in treating his patient.

The successful doctor nowadays is the one who is quick to avail himself of any remedy, new or old which holds out a chance of cure no matter whether it is Allopathic, Homeopathic or neither one.

Dr. Jennison, in an interesting article on indigestion and dyspepsia says: "Nine-tenths of all people who apply to me for advice and treatment think they have this ailment or that ailment, but I find that on close examination that their whole trouble arises from poor digestion.

"They have little appetite and if they do have an appetite the food they eat does them no good. Why? Because it is but half digested, causing thin blood: weak nerves, sleeplessness, aching bones, pains in chest, formation of gases, belching, etc. They tell me they believe they have consumption or heart disease, rheumatism, nervous prostration, in fact, most every disease but the right one.

"In reality the whole trouble is in the stomach and nowhere else. Now what do I do with such people? I don't feed them on predigested foods like babies, nor "stomach bitters" nor patent nostrums which I know nothing about. No honorable physician will prescribe a remedy unless he knows what it contains and its probable effects. For all such patients I have but one prescription, I advise them to go to, the nearest drug store and get a 50 cent box of Stuart's Dyspepsia Tablets. I use them with remarkable success in all cases of indigestion and stomach trouble, because I know what Stuart's Dyspepsia Tablets consists of and what they will do. They contain the vegetable essences, diastase and government-test pepsin which are the things every weak stomach lacks to restore natural digestive vigor and if I had dyspepsia myself it is the one remedy I should take,

When a patient comes to me complaining of dull headaches, sour stomach, bad taste, nervousness, belching of gas, or heart trouble which is generally caused from indigestion I tell him to take one or two of Stuart's Tablets after each meal and as often during the day as he has any trouble and I feel confident that I have given that patient the best advice I could give."

Stuart's Dyspepsia Tablets are large, pleasant tasting lozenges, containing diastase and pepsin combined with fruit and vegetable essences. They are not cathartic and do not act on any particular organ like ordinary drugs but simply act entirely on the food eaten. They are a natural digestive, pure and simple.

Stuart's Dyspepsia Tablets are sold by druggists at 50 cents per package throughout the United States, Canada and Great Britain.
